

Where to report a bug

The project tracking page for the **Torrent Remote app** is located at the following URL: <http://scidoner.com/apps/tracker/browse/UCWS>

You can submit a new bug report by clicking the **Create issue** button at the top right, or clicking [here](#). Please make sure that the **uTorrent Client (Windows Store)** project is selected.

Note

Please make sure you search for your bug before submitting it - someone else may have already reported it!
You can do that by clicking [here](#).
